

Knox Community Park Knox, PA

Crossroads, the Alternative Education Program, AmeriCorps, AmeriCorps*VISTA members of Keystone SMILES, and GFWC Federation of Women's Civic Club of Knox are enhancing the Knox Community Park located 1001 Water Street.

On October 26, 2006 as part of a National Service Holiday, Make A Difference Day, the collaboration of Keystone SMILES and Knox Women's Civic Club placed 6 new playground pieces within the children's area of the community park.

This group is enhancing the park for the community to have a safe place where they can take their children outside for physical activity. The improvements for the park will continue in the spring 2007 with mulching the area, installing a caterpillar in the children's area of the park, a gazebo, and a bridge that will go across a small creek located within the park.

If you like any further information or would like to volunteer for this project, please feel free to contact Judy Shaffer, AmeriCorps*VISTA at Keystone SMILES. (814) 797-2127 or email jshaffer@keystonesmiles.org.
